# STOP PROJECT 2025 YOUR FUTURE AS PLANNED BY THE MAGA REPUBLICANS

The Project 2025 Presidential Transition Project is a well funded (eight figure) effort of the Heritage Foundation. It is a systemic ruthless plan to undermine the quality of life of millions of Americans, remove critical protections and dismantle key programs for communities across the nation.

It will prioritize special interests and ideological extremism over people. It will dissolve the Constitutional wall between church and state. It grants tax exempt status to churches that engage in discrimination. It will eliminate no-fault divorce. It will increase discrimination against 365,000 foster care children. It will end Public Service Loan forgiveness... and much, much more.
